

### **A Word About the Minimum Balance Fee**

As of January 1, 2024, a minimum share account balance of \$100 was established. Credit Union members are now charged \$5.00 whenever their share account balance falls below \$100.

***If at any time during the month***, the member's current share balance falls below \$100, the share account is assessed a fee of \$5.00 on the last day of the month. Even if the current balance is above \$100 by the end of the month, the fee will still be charged.

To avoid the fee, the member must ensure that their current balance is above \$100 ***for the entire month***.
